

## HOPE JINGLE

Cheryl Rogers

When your dreams want to overflow  
All you need is a little bit of hope  
When your heart says it's time to go  
All you need is a little bit of hope  
As tomorrow begins to unfold  
All you need is a little bit of hope  
And don't you settle for the status quo  
All you need is a little bit of hope.

Gotta believe – gotta hold on  
You're gonna achieve – you just gotta stay strong  
Let your story become your life song  
Cause all you need is a little bit of hope.  
Yes, all you need is a little bit of hope.
